EDUCATION

University of Notre Dame—Mendoza College of Business

May 2027

Majors: Finance and Applied & Computational Mathematics and Statistics (ACMS)

GPA: 3.9 | ACT: 35

RELEVANT EXPERIENCE

Garda Capital Partners, *Trading Analyst Intern*—US Rates, New York, NY

Summer 2026

- Built an automated pipeline processing 120,000+ earnings call transcripts and audio files to identify pricing, inflation, labor, tariff, and demand commentary from executives, powering a searchable dashboard and weekly report email used by the trading desk.
- Identified and presented an event-driven arbitrage between Fed Funds futures and prediction markets around the July FOMC decision, capturing a 15-percentage-point discrepancy in implied hike probabilities and modeling P&L across policy scenarios.

Student International Business Council (SIBC)

Garda Capital Partners—*Project Leader*, New York, NY

Spring 2026

- Led a 10-person SIBC team in analyzing AI's impact on early-career hiring by scraping IrishCompass profiles and building a longitudinal dataset linking internships to subsequent full-time employment across industries.
- Analyzed internship-to-full-time conversion rates by cohort and industry, identifying differences in return-offer trends across sectors with varying exposure to AI adoption.

Deutsche Bank—*Analyst*, New York, NY

Spring 2025

- Collaborated with the Deutsche Bank Healthcare Team to evaluate a leveraged buyout of Acadia Healthcare (Nasdaq: ACHC), a leading behavioral health provider with strong EBITDA margins, favorable industry tailwinds, and a scalable facility expansion model.
- Built a 6-year DCF model using a 4.7% perpetuity growth rate and 9.9% WACC to arrive at a \$57.01 implied share price (108% upside); projected a 22% IRR and 2.8x MOIC over a 5-year holding period, supported by scalable facility growth and recession-resistant demand.

Sixth Street Partners—*Analyst*, New York, NY

Fall 2024

- Analyzed Sixth Street's 2020 \$1bn investment in Airbnb and debated funding via convertible preferred or redeemable preferred equity.

Notre Dame Trading Competition, *Competition Lead*, Notre Dame, IN

Fall 2025

- Founded and led Notre Dame's first algorithmic trading competition; secured sponsorships from Jane Street, SIG, DRW, HRT, Optiver, Belvedere Trading, Jump Trading, Kalshi, and others to provide over \$2,000 in cash prizes and awards.
- Selected 50 competitors from 100+ applicants to build live trading algorithms in a simulated high-frequency trading environment.
- Built the exchange infrastructure (Rust/Python), including a sub-microsecond matching engine, TCP order gateway, real-time market-data feed, and a Python-based P&L/leaderboard system.

AfterQuery Experts, *Finance and Operations*, San Francisco, CA

Summer 2025

- Built detailed training datasets from annual reports and developed DCF and LBO models for use in training frontier AI models.

CrossPaths, *Co-Founder*, Notre Dame, IN

Spring 2024

- Co-founded and scaled a profitable student dating platform to 5,000+ users, generating \$2,000+ in revenue from paid features.
- Built the full-stack platform and machine learning recommendation engine, using semantic embeddings and cosine similarity to personalize matches based on personality, interests, and values; recognized as a 2026 McCloskey New Venture Competition semifinalist.

LEADERSHIP EXPERIENCE

Notre Dame Vision, *Camp Counselor*, Notre Dame, IN

Summer 2024

- Counselor and small-group leader for over 500 high school students during a 6-week summer camp, guiding discussions on leadership and faith. Organized activities and team-building games while fostering an inclusive environment and encouraging personal growth.

Eagle Scout, *Troop 413, Boy Scouts of America*, Nashville, TN

2016 – 2022

- Organized, planned, and led an Eagle Scout Project benefiting Matthew 25 in Nashville, TN, a nonprofit that helps provide support and rehabilitation for struggling Veterans. This \$4,000 project spanned 9 months and involved over 300 hours of execution.
